
2024 Billing Rate Increases 5%

On October 18th, 2022, Leavitt Lake Board of Directors held a public hearing to receive comments on a Proposed Rate Adjustment.

On November 21, 2022, the Directors adopted a yearly rate increase of 5% each year for a total of 5 years.

The new rates are effective each year starting with your January usage, billed at the end of the month. **Although, it was posted last month;** you should notice the increase on this current utility bill. (Feb)

Please Remember!

Rate adjustments help support water utility operation and maintenance costs and provide funding for capital improvements.

What can you expect?

For Single Family Residential (SFR), customers will notice a minimum increase on your water base charge of \$5.07 for each billing cycle.
