

## Preventing Leaks and Water Damage

Taking preventative measures can save you thousands of dollars in damages down the road.

First, keep an eye out for these symptoms of a small leak:

- **Corrosion on metal screws, nails, and fixtures**
- **Condensation**
- **Water stains on walls and ceilings**
- **Mold growth**
- **Damp, musty odors**
- **Saggy ceilings**

Whether you spot anything sus or not, it's a good idea to schedule a full-house inspection. They can examine the piping and fixtures throughout your house to find small leaks before they become significant problems.

A small leak can lead to a bigger problem!

### Scheduled Board Meetings:

The next scheduled Board of Director's Meeting will be held Tuesday, August 22th at 4:00 pm. Visit LLCSD webpage under agenda for details information.

The public is always welcome

Leavitt Lake CSD is now accepting bids for installation of new street lights at the park. Please contact the office at (530) 257-7977 if interested.

# Leavitt Lake CSD District Statistics

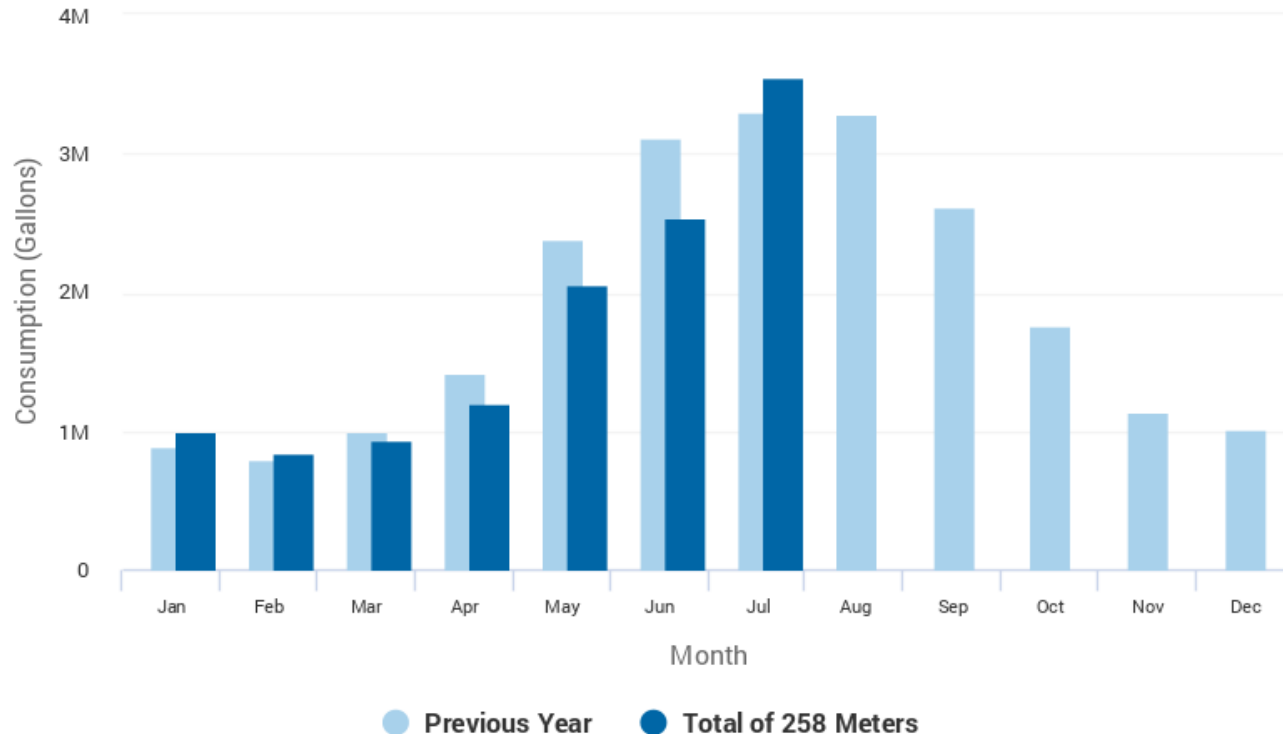

- + 8% more flow compared to last year
- +262,827 Gallons
- 7/1/2022: 3,554,764 Gallons
- 7/1/2023: 3,291,937 Gallons

## Water-Use Efficiency

It takes a lot of energy to deliver and treat the water you use every day for bathing, shaving, cooking, and cleaning. Homes with electric water heaters, for example, spend one-quarter of their electric bill just to heat water. As an example, letting your faucet run for five minutes uses about as much energy as letting a 60-watt light bulb run for 14 hours.

Using water efficiently will help ensure reliable water supplies today and for future generations. Best of all, everyone can play their part in preserving our nation's water resources. See our website at [www.LeavittLakeCSD.com](http://www.LeavittLakeCSD.com) for simple steps and informational tools, you'll find that it's easier than ever.

Monthly 2023

## Slow Down: Back to School Means Sharing the Road

We would like to take this opportunity to remind you that schools will be starting throughout August 2023.

It's never more important for drivers to slow down and pay attention than when kids are present – especially before and after school.

Don't forget to be alert to school buses picking up and dropping off children throughout the district.

Please remember to reduce your speed and be courteous with your driving habits.

Stop at all stop signs and be sure to look both ways for children at play.
