

# HAPPY New Year!

## Leavitt Lake Reporter

### BE SAFE

This is the time of year everyone is celebrating the arrival of the new year.

If you have celebrated a little too much, please call someone for a ride.

### CLEAN UP TIME

It's time to get the broken down vehicles out of your front yards. You must put vehicles that are not tagged and do not run in the back yard where they are not visible to anyone.

At the December organizational meeting (held as part of the regular meeting) the Board of Directors has elected new officers. Dan Daly will assume the office of chairperson and Sandra Davis will be the vice-chairperson. Linda Hyatt, Lenard Robinson and Stu Speer are the remaining directors. New officers will assume their duties in January.

In 2017 the new storage building, the upgrades at

### What's Happening?

the ponds and the new lift station on Tamarack Street were all completed.

We are now getting another generator for the water system. This generator will provide electricity to operate the wells and pumps when the power goes out.

In mid 2018 another grant may be awarded to the county for infrastructure. This could be used for water and or wastewater. We have our name on the list for a recipient. With

this grant we could drill a much needed water well. Currently we are only using one well.

There are numerous other things this grant can be used for. In the coming months we will be examining the entire district's infrastructure to determine what is of the utmost importance for repair or replacement. The deciding factor of who receives the grant is partially based on need. And we definitely need a new well.

## WINTER WEATHER TIPS

- \* Always leave heat on in your home if you are going to be away for a day or two
  - \* Unhook your hoses from the hose bibs outside
- \* Use ice melt on your steps and driveways to prevent slipping and falling\*
  - \*Bundle up when going outside!
  - \* Insulate washers that are in the garage

## DID YOU KNOW???

\* That the District has a web page. We would love your feedback on what you think of it. Visit it at [leavittlake.myruralwater.com](http://leavittlake.myruralwater.com)

\* The District meetings are held on the third Tuesday of the month in the district office at 4:00 PM.

\* All board members must own property and live within the district boundaries and are elected officials.

\* That the public is more than welcome to attend any and all meetings held

by the District.

\*That the district operates mainly on the revenue generated from our customers.

\* That the bills are always due by the 18th of each month.

\*That once you receive a door hanger, you cannot make any arrangements for payment. The past due bill must be paid in full.
