## Construction to Begin

Construction on the new lift station on Tamarack is to begin in August.

The new lift station will also be equipped with a generator so that when the power goes out, we can still pump the sewage.

They will also begin the work in the pond area. They will be connecting the seven ponds together to work in a series instead of two sets of ponds. And they will be installing a bar screen to remove some of the solids before they go to the ponds.

If we have enough funding, then they will also work on the levee's as some have

eroded over the years.

We have been working towards having the pond work completed for a few years now. While it has taken some time, it will be well worth it in the end.

We will also be having our own storage building built here at the office. It will be a 40X30 metal building that the equipment will be stored in. We will then be giving up the fire hall building.

The funding for these projects is from the County Grant and totals \$747,000.00.

### WHEN MAKING A PAYMENT FOR ANOTHER PERSON

If you are paying a bill for someone other than yourself, make sure there is an account number or the persons name and address is somewhere on the check or money order.

We can look up the account by the address, name or the account number, but if we don't have that information, it could be posted to the wrong account.

### COUNTY DONATES DUMPSTERS

Two large dumpsters were at the fire hall over the weekend of July 21st so that the community could clean up around their homes.

I apologize for the short notice, but I didn't know until the 17th that they were going to be delivered. Hopefully next year we can get a date before time and we can get the information to you in a more timely manner. However, by Sunday evening the dumpsters were packed full.

## DROP BOX

### DOOR HANGERS

When you receive a door hanger, it is the final reminder to pay your bill. If you have not done so by the date and time on the door hanger, your service will be disconnected.

Once you receive a door hanger, no arrangements can be made. You must pay the full amount listed.

### Thank You!

Most of you know that Brittany (Our office clerk) took a maternity leave and has been gone for four months. She gave birth to a beautiful baby girl on April 7, 2017.

While Brittany was away, we had Shannon Simoni come in part time to help out in the office. I would like to thank Shannon for giving her time to us when her and her husband, J. D. opened their own business in May. Reliable RV on Johnstonville Road. It

was quite hectic for Shannon to come into our office and then go and work at their business. But she did a great job.

Brittany is returning to work on July 31, 2017. WELCOME BACK BRITTANY. We are glad to have you back!

If for some reason we are not in the office, you can put your payments in the drop box by the front gate.

The box is checked periodically throughout the day.

### TRASH THIEVES

For a few days, we were finding bags of trash belonging to residents in our community in the trash cans at the park. We actually called a few people to ask if they had put their trash in the cans at the park but they all said "NO".

We believe what was happening was that someone was taking the bags of trash and going through it to see if they could get personal information or credit card numbers, or bank account numbers. Then throwing it away at the park.

It's a shame that we have to go to such extents, but we recommend that you shred anything with personal information on it.

### BOARD MEETING

Our next board meeting will be held on August 22, 2017 at 4:00 PM in the district office.
